Re: Golf Outing Sponsorship

Greetings;

MARK YOUR CALENDARS, it's time to start planning our ASHRAE chapter golf outing. Again this year, we will be holding the annual Chapter **ASHRAE** golf outing at Royal St. Patrick's in Wrightstown on **Wednesday June 21st**. As in the past, we are looking forward to a successful event but need your support to make it happen. A separate golf event invitation will be emailed to each of you so there is no need to commit now, however you should mark your calendars as you don't want to miss this opportunity to participate in the event.

As many of you know, the revenue generated from this event helps contribute to **ASHRAE Research Promotion**. Research Promotion is what ASHRAE is truly all about. It's mission is to improve the quality of life and answer tomorrow's questions through research today. It does so through various projects, committees, programs and grants, all of which require substantial funding through the support of chapters like ours.

One way our chapter helps this worthwhile effort is by raising money at our annual golf event. Last year's outing helped our local chapter contribute over \$3,000 to Research Promotion. Our largest contribution comes directly from monies raised through our **Sponsors** at this outing. All of our sponsors are recognized at dinner. They are also directly labeled on the carts, lunch sponsors on the boxes, and at each tee box for hole sponsors.

Please find included with this letter a **Sponsor Form**, which I ask you fill out and return no later than **June 7th, 2023** along with your contribution. Please indicate on the form if you need a receipt mailed to you for your donation. This year we are asking that if you are interested in donating an item for the door prizes that you give a monetary donation instead. All of the donations that we receive will be used to cover costs and the rest donated to ASHRAE.

On behalf of ASHRAE and the NE Wisconsin Chapter, I thank you in advance for your participation in our upcoming golf outing and in being a sponsor of ASHRAE Research Promotion.

Sincerely,
Steve Nagy
