Hello All,

It has been a little while getting back into the swing of things following the holidays so we have a larger update for this month. Please see below for information on our February meeting and for registration for our March Half Day Seminar which will be hosted at Desert Aire in Germantown WI.

February Monthly Meeting

This will be held virtually with a presentation from Kevin Manturuk and Marc Bertolin from Johnson Controls regarding controls interfaces for building automation systems.

Topic: Getting the most out of your building automation systems with a graphical user interface and fault diagnostics to help facility operators troubleshoot problem areas in a building or campus. Let your building automation system work for you.

Location: Teams meeting, see invite from Justin Heil

Date: Feb 13th

Time: Noon

This meeting will be recorded for those unable to attend.

Please see the next page for March's half day seminar!
