What: faciliCAD (Facility Management Software)

Where: Virtual Microsoft Teams Meeting

When: October 18th, noon-1pm CST

Details:
faciliCAD (by Spatial Innovations) is a dynamic management system which supports optimization of space, people, real-time critical decision making, efficient asset tracking and accurate reporting. The system uses AutoCAD to track room identification, leases and sizes. You can link assets to a room for inspections, maintenance and capitol planning. The program will provide customizable reports, plans and queries.
