

Come visit our website: newiashrae.org

Hello All,

Exciting news for October! We will get a chance to tour the new addition and renovation project that is currently underway over at Maplewood elementary which is part of the Menasha school district.

Menasha school district has to combine two schools to operate as one new building. Construction is set to be completed in fall of 2025.

Please make sure to register for the tour on our website. Also because this is a construction project please make sure to bring eye protection along with level 2 hard hats. We will have additional hard hats and eye protection for those that do not have any.

As always, any questions please feel free to reach out to me.

Thank you,
