

Northeast Wisconsin Chapter

December 2025

Come visit our website: newiashrae.org

Hello All,

I'd like to thank each of you (and your guests) who joined us for the President's dinner and helped make it a truly successful event. It was nice to meet those of you that I have not met before.

This month, we virtually welcome Jeffrey S. Russell, P.E. to our chapter.

Title: Towards Ethical Practices

Abstract: This session will focus on the fundamental canons of professional conduct and ethics. The discussion is designed to engage in a practical understanding of professional ethics and satisfy any formal requirement for professional conduct and ethics. We will explore key definitions as well as look at some note-able ethical lapses.

Jeffrey S. Russell, P.E. Is the vice provost for Lifelong Learning, dean of the Division of Continuing Studies, and a professor of civil and environmental engineering at UW-Madison. In his role as vice provost, Jeff is responsible for leading the university's programs and services for lifelong learners and non-traditional students. Jeff previously served as chair of the Department of Civil and Environmental Engineering at UW-Madison and was a co-founder of the Construction Engineering and Management Program. He received a BS degree in civil engineering from the University of Cincinnati, MS and PhD degrees from Purdue University, and is a registered professional engineer in Wisconsin.

For January, we are inviting Mick Schwedler back to our chapter (although virtual this time). He last presented for us on Building Operational Decarbonization in September of 2024. More information will follow next month.

Sincerely,

Dustin Sewell

2025-26 SCHEDULE
